## Update to the Registry 13<sup>th</sup> June 2022

The UKNFR has Section 251 approval which means patient demographics and treatment details can be held without gaining consent from the patient. I have therefore removed the question 'Has the Patient Consented for their data to be added to the Registry'. The Section 251 approval does not allow for the retention of patient contact details to participate in the PROMS process and so a specific 'UKNFR Consent Form' should be completed and a copy retained in the patient records. The patient may at any time a) withdraw their consent for data to be held within the UKNFR or b) join the '[National Data Opt-out](#)'. Such requests must be directed to [UKNFR@bapras.org.uk](mailto:UKNFR@bapras.org.uk) to be actioned.

## 2<sup>nd</sup> UKNFR Report

The second UKNFR report is due for publication based upon data from 8<sup>th</sup> August 2019 – 8<sup>th</sup> August 2022.

So much has changed since the last report and I am hopeful that the second report will be a powerful tool to demonstrate the impact of COVID upon reconstructive flap surgery. All UKNFR users should see this as a call to submit/update all flap data before midnight 8th August 2022.

To allow for a more meaningful comparison between the first and second reports, I have not made any significant changes to the current registry format. If you have any suggestions for future modifications then please email - [peter.kalu@nhs.net](mailto:peter.kalu@nhs.net).
